Dear HOD / Coordinator,

I'm Courtney Lester - a 24 year old enthusiastic and creative individual who is looking for a position in Arts / Film & TV industry.

My experience to date:

- **August 2016-June 2017- Power Rangers Ninja Steel:**
- **Dressing assistant off-set, painting, crafts, assisting in dressing sets.**
- **On-set dresser/assistant props: on-set dresser on large shoot days, moving dressing to shot.**
- **On-set props assistant handling hero props and extras with props, paint touch-ups.**
- **May 2016-Ash vs The Evil Dead: Brush hand (Paul Ny), Assistant set dec (Courtney Tokorangi)**

- **NY Art Dept: project assistant/paint finishing/art hanging (Hayley Brown)**
- **Borderless Productions: Styling, make up assistant, set design assistant, runner.**

I am not afraid of hard work or working long hours and would be suited to work in the Props / Set Dec / Set Dressing departments as I have strong skills and experience in Art & Craft , Visual merchandising and am keen to learn more. I would also be keen on any runner position to get to know the industry.

Prior to my time assisting in Film & TV, I studied graphics and fashion and textiles. I have also worked for the education department at Corban Estate Arts Centre working with the tutors teaching classes that varied from clay and sculpture to screen printing. In addition I was employed at a major retail outlet, I was offered a position as Visual Merchandiser where I was required to create large in store product displays.

Please contact me with any opportunities you may have available.

Yours sincerely,

Courtney Jane Lester
