After a lifetime of involvement spanning more than 30 years I am still passionate about the Film & Television Industry.. I bring with me a reputation of being hardworking, reliable and approachable. In addition I always deliver 100% dedication to my work with an unparalleled work ethic to 'Get The Job Done'.

Throughout my years in the industry I have worked in various roles from cast to casting, production, stunts as well as my current role onset for the last 18 years as an Assistant director. I possess a fantastic ability for problem solving and observation. This combined with my 34 years on set gives me the ability to extract myself from the current situation and examine it from multiple perspectives both visually and logically, in order to advance the creative process.

During my time I have worked with some of the most recognised brands both in New Zealand and the worldwide including amongst others;

Disney, Renaissance Pictures, Starz, Pokemon, Telunsu, Air New Zealand, Cadburys, Intercontinental Hotels, Rebel Sport, Icebreaker, Coca Cola, Gatorade, Heineken, Toohey's, Lion Breweries, Dominion Breweries, Budweiser, Magners, Jameson's, Bacardi, The All Blacks, Samsung, Vivendi, Nissan, Mazda, Toyota, Volvo, Swisse, Comcast.

In doing so I have worked alongside some of the top directors in the industry worldwide including;

Sam Raimi, Andrew Adamson, Vincent Ward, Adam Rykis, Jonathan King, David Slade, Charlie Haskell, Mark Beesley, Lee Rogers, Muneyuki Sekiya, Stuart Rideout, Lee Rogers, Alex Paul, Garth Davis, Ellen Kuras, Rychel Shingu, Darryl Ward, Garry John, and Nathan Price amongst others.

My ability to adapt to all situations, whether working with Elite Hollywood stars, Foreign line productions, animals, children or stunts is what sets me apart from most. My onset and real-life experiences have merged to give me one of the strongest insights into the process and danger involved with physical effects and stunts, the knowledge to comprehend the often-invisible requirements of visual effects, and the empathy and understanding to deal with young talent.
