PERSONAL INFORMATION

I have over 15 years experience working in the television and film industry for costume.
Starting as a costume dresser, I dabbled with assisting, supervising, running & buying, before settling in as a Standby for many years.
Recently I was offered the chance to step up to the role of Costume Supervisor on Power Rangers. I had to manage a team of 17 people across a wide spectrum of internal departments consisting of costume props, the machinists, buyer, runner and the on set team. It was a steep learning curve in which I learnt many skills and feel as though I achieved a decent result.
Other roles within this job were: hiring casuals, running set day to day, helping communications & smooth running between 2 units, organising fittings and much much more.
I am a hard working and extremely conscientious person who has pride in doing a great job.
Please don't hesitate to call or email me using the below details if you would like to consider me for your team.
