## FILM EXPERIENCE

---

19 years film industry experience

Since 1999 I have had steady film employment in 4 departments, starting with the Horse department as a set and stunt rider, to stunt performer, Assistant and Stunt Coordinator, Marine Coordinator and Safety Coordinator on both large and small Feature film and TV productions.

I can work either side of the camera and strive to produce a quality film product in any project I work on. My safety record is intact and I'm well adept to film safety protocols both here and abroad.
