I have been in the NZ Film & Television industry for many years.

In recent years, I've been either Production Manager or Line Producer on local TVC's and International Line Production TVC's. Some years ago I worked as a Location Scout and Location Manager, mostly on Drama Series and Feature Films

In the past I have worked on everything from Television Drama Series, Feature Films and also Documentaries and Music Videos.

I enjoy working with people from various countries, including NZ of course, forging relationships with them and supporting whichever Producer I am working with.

Television Commercials: I've worked for most NZ Companies on local TVC's and many International TVC's for countries such as Australia, UK, Canada, USA, China, Korea, Hong Kong, Singapore, Japan and others.

Feature Films including, Production Manager, pickups for Beyond The Wilder People, Director: Taika Waititi and Location Scout & Manager for Angel At My Table, Director: Jane Campion

TV Drama Series including, Black Beauty, Ray Bradbury Theatre and Marlin Bay.

I enjoy working with people from various countries, including NZ of course, forging relationships with them and supporting whichever Producer I am working with. I am good at working with budgets and making the production work to the budget.
