Clockwork Creative Productions

Clockwork Creative can supply technical services for your production. We have experienced camera operators, stills photographers, sound recordists, editors, motion graphics and 3D artists, drone operators and production crew available for drama, documentary, corporate, commercials or project based work. We have crew based in Wellington and Auckland and are available for work throughout NZ and overseas.

Clockwork Creative Productions can also act as a full service production company, handling all elements of your video or stills production from beginning to end. This includes strategy, creative development, messaging, script writing, booking locations and talent, the actual production, the post-production work and the delivery of your video or stills final product.
