French ● ● ● ● ●

### PROFILE

I've been a movie set constructor for the last year with a diploma in joinery and plastic arts.

I'm passionate about arts, especially the Cinema and Plastic Arts.

I'm looking for a job as stage manager and props woman for a total duration of 5 months starting now and until the end of October.

### INTERESTS

Traveling, walking, watching movies, painting, writing, sculpting, tinkering...

### SKILLS

#### • Technical skills

using different types of tools like saws (hands/ panel/ band/ circular/ jig - saw), screwdriver, sander, hammer, cutter, pliers, glue-gun, MIG welder, hammer drill...

#### • Artistic skills

Painting, modelling on different mediums (clay, aluminium), wood carving...

### WORK EXPERIENCES

*Have a look at 2024...*

I've been in NZ since the beginning of November mostly as a traveller doing some building projects while staying in homestays, and as a fruit picker in an orchard, in Cromwell, for the New Zealand Cherry corporation, in January.

Cutting and assembling the different elements of the cabinet / MIG welding of the benches.

- **Apprentice in joinery**

2017 To 2021

JPB Menuiserie - Saint Vincent de Barbeyrargues

*Fabrication :*

We worked mostly for health facilities but also for individuals, on different mediums like wood/ plastic/ aluminium and "CORIAN" (mix between minerals and resins).

Our work was to do all the furniture like reception desks/ doors frame/ doors/ edge protectors/ parquet/ basins/ Lamination/ wood veneer/ wall decors (int. or ext.)/ dressings/ bookcases...

*Installation :*

I was in charge of the installation of everything I made, but also the installation of particular things like access ramps for persons with reduced mobility/ plastic wall protections/ handrails/ hardware...
